

## Rently Enterprise Smart Home Technology.

Allowing you to automate leasing with integrated Rently Self-Touring technology.

Once leased, easily hand off smart home technology to the renter for amenitization.

### Smart Home Systems Your Way.

#### Integrated Self-Touring

Instantly integrate Rently patented self-touring technology to provide instant secure access to vacant properties. Instantly see when prospects are touring, what marketing resources had the highest conversion & aut-send post-tour surveys.

#### Start with Access. Upgrade to Smart Home Devices.

Our technology allows you to start your smart home journey with our "Oaks 3" branded smart lock, then upgrade to a cellular-connected smart home with locks, thermostats and lighting.

#### Easy to Use Manager and Renter Portal

Managers can easily manage an entire portfolio of properties through the manager portal. Renters can easily be handed off access once a lease is signed.

#### Secure

Our smart home system undergoes third-party security audits from trusted firms like Zacco to ensure you can deploy our system knowing its secure.

#### Open API

Integrate with your property management software, CRM, or third-party software with our growing list of partnerships and Open API to control smart devices.

# Smart Home Devices that Always Keep You Connected.

## Smart Access Oaks Smart Lock 3

Instantly generate Unique codes for self-tours, guests or staff. Eliminate Rekeys. Instantly provide Key, Code and Unlock access.

## Yale Smart Locks

As one of the oldest international brands, Yale is among the most respected names in the lock industry, with millions of Yale locks in use worldwide.

## Kwikset Smart Locks

Kwikset makes coming home personal because it works with smart products that you already love.

## Energy Management Smart Thermostat

Control your HVAC system, set schedules, and trigger smart scenes so your unit is always comfortable.

## Light Switch

Set occupancy-based lighting schedules to reduce utility bills. Remotely control lights, dimmers & bulbs.

## Smart Light Bulb

Add a touch of luxury to a rental home or community by offering smart lighting as an amenity.

## Damage Prevention Flood Sensor

Be notified whenever a water leak or flooding is detected. Pair with water valve shutoff for maximum coverage.

## Smart Smoke Alarm

Our smoke & carbon monoxide alarm system helps both reduce liability and provide renters with peace of mind.

## Valve Water Shutoff

Remotely trigger water shutoff from the Rently Keyless App or web portal. Perfect match with the flood sensor.

## Smart Monitoring Arlo Doorbell Camera

Capture a 180° view angle to provide you with full visuals of the people at your doorstep.

## Arlo Security Camera

Keep an eye on your vacant units while on self-touring mode. No Wi-Fi required. Easy to move locations.

## Smart Motion Sensor

Enhance the security of your property by detecting motion and receiving real-time notifications.

## Smart Door Sensor

Stay notified of open doors and windows. Trigger scenes so the HVAC unit shuts off automatically.

## Security You Can Trust.

Self-Touring is secured by Rently's patented self-touring technology, which includes 6 layers of prospect security including selfie, Government ID, Credit Card and Artificial Intelligence to ensure self-tour security. Rently self-touring is covered by patents X, Y and Z.
